

Team

Niku Games is a core team of two people with multiple collaborators.

Mala Sen directs the art and the visual design. Apart from drawing pixels on screens, much of her work is in-real-life in the form of paintings, large tapestries and giant murals.

Mridul Kashatria does the programming and game design. His love of using computer programs to animate drawings has led him to the world of game development.

Srikant Krishna is a music composer and orchestrator with extensive experience in feature films and has worked with renowned musicians from the film industry.
